

Announcement!

January 1, 2012

VFIS of Southern New England is pleased to share that we've joined forces with **Gowrie Group**. Gowrie is a premier New England insurance provider based in Westbrook, CT and with primary offices in CT, RI, and NH.

Both VFIS and Gowrie Group share a very client-centered approach and:

- a history of creating and delivering **specialized insurance programs** for clients who seek specialization.
- **a multi-state footprint** that enables the development and sharing of best-practices-level expertise across jurisdictions
- and a willingness to work **directly** with clients **or with clients' brokers**

What is changing ...

In order to match our steadily growing client list, we will be augmenting our human and physical resources and expanding our menu of insurance solutions. All this will benefit our clients. Our mailing address will also change.

What is *not* changing ...

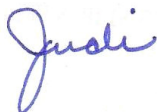

Our name, our client service team, and the capable, personal service you're accustomed to receiving from us will remain the same. You have our assurance on this. For the entire VFIS and Gowrie team,
